WHO AM I?

I am 28 years old, and with my previous work experience, I have developed skills in marketing, customer service, design, and logistics. I am currently studying to become a design technologist, specializing in branding and marketing, as I am passionate about creative problem-solving and strategic design.

From previous employers, I am known for my positive attitude and strong work ethic, as well as my eagerness to continue learning. I hope to apply my continuously growing skills in new challenges within design and marketing!
